

Sustainable Development Goals

How can we work together to make our world more equal, safe and sustainable? The 2030 Sustainable Development Goals are global targets to help make this world a better place.

1

No Poverty: End poverty and give everyone the basic things that they need.

2

No hunger: Ensure that all people have enough access to proper food.

3

Good health: Protect everyone's health, reduce illnesses and support the well-being of all people.

4

Quality education: Give equal access to education for both boys and girls, and encourage lifelong learning for all people.

5

Gender equality: Make sure that all girls and boys, women and men have equal rights and opportunities.

6

Clean water and sanitation: Make sure that everyone has clean water to drink, and that water is used efficiently and not wasted.

7

Renewable energy: Open access for all people to affordable and reliable modern energy.

8

Good jobs and economic growth: Create and ensure a strong economy that supports growth, employment, and safe work for all.

9

Innovation and infrastructure: Develop strong and secure houses, schools, roads and bridges, and encourage creativity.

- 

10 **Reduced inequalities:** Make all countries equal and promote social, political, and economic cooperation.
- 11** **Sustainable cities and communities:** Make cities, villages, towns and settlements safer and self-sufficient.

- 

12 **Responsible consumption:** Use natural resources, encourage recycling and reuse materials to reduce overall waste of food.
- 13** **Climate action:** Learn about the effects of climate change and how to reduce it.

- 

14 **Life below water:** Protect and support all oceans, seas, and the diversity of marine life.
- 15** **Life on land:** Protect all plants and animals. Encourage planting more trees, protecting the rainforests, and reducing the desert.

- 

16 **Peace and justice:** Make justice available for all and create productive and reliable government institutions.
- 17** **Partnership for the goals:** We are stronger together! Encourage countries to work together to achieve all of the Sustainable Development Goals.

About Stahili

Stahili is a non-profit organization that protects children, aids in their development, advocates for their rights, and provides education. Do you want to learn more about Stahili? Check us out on Facebook (www.facebook.com/Stahili) or visit our website (www.stahili.org).

This child-friendly version of the SDGs has been produced by Stahili Foundation. For the original version, see <https://sustainabledevelopment.un.org/?menu=1300>.
